7 PEOPLE CRUSHED TO DEATH IN NEW YORK

Old Tenement Tumbles From Jolt of Trains.

OLD MAN'S MIRACULOUS ESCAPE

Had It Not Been For the Warning Given by Lodgers Returning Late at Night, the Casualties Would Have Been Greater.

New York, June 26.—Seven persons, six of them members of one Italian family, were killed early on Tuesday morning in the collapse of a ramshackle tenement in the down town Italian quarter.

Three other members of the same family, including the father and mother, are in a hospital, painfully injured but will recover. There were some exciting scenes immediately following the accident, one of which was the rescue of an old man from a two-foot ledge, 40 feet from the pavement, this portion of the fallen building having adhered to the adjoining structure long enough to permit the firemen to get to the scene, raise a ladder and take the man, Jacob Reigler, safely to the ground. Then it also fell into the ruins.

The collapsed building was a four story affair, built more than fifty years ago at Walker and Lafayette streets. The constant rumbling of subway trains a block away was too much for it, in its weakened condition.

The dead are Tony Torchino, 17, Mamie Torchino, 23, Lillie Torchino, 9, Susie Torchino, 13; Fred Torchino, 10, Edward Torchino, 2, Cosmo Belucci, 40, a lodger; Tomasco and Amelia Torchino, father and mother of the unfortunate family and another son, George, are suffering from scalp wounds and contusions.

George Blumenthal, the contractor who had charge of the recent repairs on the building, was arrested, charged with homicide.

That many more persons did not lose their lives was due to two of the younger occupants of the house having attended an Italian celebration Monday night. The boys reached home shortly before 2 o'clock in the morning and warned by the severe shaking and creaking of the house, ran through the building and warned the sleeping tenants of the impending danger. Dozens of persons ran into the streets in their night clothes, and many of them had scarcely gained the street before the crash came.

NASHVILLE STARTS NEW MOVE.

Will Employ Only Southern Negro Teachers in Her Public Schools.

Nashville, June 26.—A tacit conclusion was reached by the Nashville board of education Monday night that only negroes born, bred and educated in the south need apply for election as teachers in the negro public schools of this city.

This action was taken for the reason that negroes from north of the Mason and Dixon line have "notions" and "are not familiar with southern traditions and sentiment and are persona non grata to the Nashville board of education."

Manual training is to be introduced into the negro schools and the sentiment entertained by the board was developed from the facts that among the applications for the position of supervisor of Manual Training of the negro schools were graduates of Harvard and other eastern universities. One other is a big, black, southern-born, southern bred and southern educated negro, and he got the job.

Culp Says Reports Are Not True.

Washington, D. C., June 26.—Vice President J. M. Culp, of the Southern Railway company, stated Tuesday in answer to inquiry that there is no foundation for the published rumor that there would be a change in the offices of passenger traffic manager and general passenger agent of that company on July 1. He announced that no change in either of these offices is contemplated.

THAW CHEERFUUL IN TOMBS.

First Anniversary of Sensational Killing of White.

New York, June 26.—A year ago Tuesday night Harry K. Thaw shot and killed Stanford White, the architect on the Madison Square roof garden during the initial performance of the musical comedy, "Mm'selle Champagne."

Since the tragic night Thaw has been the central figure in one of the most absorbing trials in the criminal annals of this or any other country; his mental state has been made the theme of innumerable opinions, lay and expert, and it has been passed upon by a legally constituted commission. His own, his wife's and his family's acts, positive or negative, have been related even to the most ordinary details; his case has been the subject of a prodigous amount of newspaper writing and illustration; the proceedure of his trial has been made the subject of international comment, and finally, twelve men picked with extraordinary care, have disagreed in his case, after probably the most popularly exciting deliberations in the history of any trial for murder in the United States. Thaw has many more days in the Tombs ahead of him, for it is certain he will not be tried the second time until late in the fall and there is a possibility that he may not be tried again this year. But he seems sanguine and cheerful notwithstanding the confinement and scenes of depression he is obliged to undergo. He is in good health also, though pale from his prison life.

"I feel confident of acquittal at my next trial," he is quoted as saying. Thaw has struck up a decided friendship with Raffaele Gascone, who is charged with the murder of a fellow citizen, and with months spent in the death house in Sing Sing prison, is awaiting a new trial. Thaw and Gascone spend not a little time pacing the corridors and chatting together.

KING CARLO'S THRONE TOTTERS

Imminent Danger of Being Engulfed by Democratic Wave.

London, June 26.—A correspondent of the Tribune says in a letter mailed from Lisbon, June 19, that King Carlos' throne is in imminent danger of being swept away by the rush of a great democratic wave, swollen suddenly to dangerous proportions by the act of despotism which he permitted May 1.

The people do not forget, the correspondent says that last year th king condemned Premier Ribeiro's attempt to dissolve the cortez and they contrast this attitude toward a conservative premier with the curious illogical license he has given to Premier Franco. The general feeling of the country is one of advanced liberalism and a repetition of autocratic bungling can only have one result today in Portugal, the writer says, namely, the deposition of the king and the establishment of a republic.

Sheriff After Five Persons.

Macon, Ga., June 26.—Sheriff Robertson is in pursuit of five persons, three women and two men, all white, who are charged with having murdered Arthur Dyche, the collector who was found hanged last week. The sheriff has several deputies who are making faithful efforts to locate the parties and he believes that he will have them under arrest soon. No statements as to the theory advanced or a clew upon which the officers are working have been given out, but Sheriff Robertson believes he has located the murderers.

ONLY ONE SURVIVOR OF CREW OF NINETY

Steamship Santiago Wrecked In Heavy Squall.

12 ENGLISH OFFICERS PERISH

Only One Boat Was Launched in the Storm and It Was Dashed to Pieces on the Rocks After Drifting Several Days.

Santiago, Chile, June26.—It is officially announced by the Pacific Steam Navigation company that only one passenger was aboard the Santiago, wrecked in a heavy squall 50 miles north of Corral, and he was drowned.

The only survivor was the fourth officer.

All the rest of the crew, numbering ninety, and including twelve English officers, are said to have perished.

Only one boat was launched, and it was dashed to pieces on the rocks, after drifting for several days.

RIOTS AT COPPER MINES.

Japanese Miners Arm Themselves and Cause Disturbances.

Victoria, B. C., June 26.—Following the recent labor troubles at the Ashie Copper mines and Muroran collieries, serious disturbances are reported at the Besshi copper mines near Miyanoshita, Japan.

Ten thousand strikers have burned mine buildings, destroyed much property, killed the chief of police at Suimoto and attacked a regiment of soldiers sent to quell the rioting.

The miners armed themselves with rifles and ammunition taken from the mining company's magazine, which they destroyed.

Dynamite cartridges were also used by the rioters. Many scenes of violence were enacted and a number of fatalities have been reported. Ring leaders of the strike movement said to be socialists, are alleged to have fomented the troubles at the Ashie mines. Damage done to the mines is estimated at over a million dollars.

WAR PREPARATIONS.

Guatemalan Ports In Readiness to Repel Invasions.

New Orleans, June 26.—A Picayune special from Port Barrios, Guatemala, says that the forces at the east coast ports, held in readiness to repel invasions, number 500 men at each place, each battalion of this size having six rapid fire and six siege guns.

The dispatch also confirmed reports that coast fortifications are being erected at several ports. The Guatemalan government is reported to be negotiating to buy a 400-ton steamer of 18 knots speed, to be armed with eight rapid-fire guns and used as a man-of-war.

The sessions will continue over next Saturday

Masked Man Stops Stages.

Fresno, Calif., June 26.—An unknown masked man Monday halted two stages on the road between Summit and Grub Gulch and compelled the passengers to hand over whatever money and jewelry they carried. One of the passengers was forced by the robber to pass the hat among his companions of the journey.

Cabinet Will Oppose Socialist Move.

Paris, June 26.—The cabinet has decided to oppose the motion of the Socialists to be introduced in the chamber of deputies in favor of the provisional liberation of all the persons arrested in connection with the wine growers' disturbances in southern France.

INCREASE PUT ON ROADS.

Comptroller General Assesses Southern Coast Line and Western Union.

Atlanta, June 26.—Comptroller General W. A. Wright assessed two big railroad companies to an extent almost double their returns, and more than doubled the returns of the Western Union Telegraph company.

The Southern railway, which made a total return of its property in Georgia at $14,884,923, was assessed by the comptroller general at $26,500,000, an increase of nearly $12,000,000. The Southern has already notified the comptroller general that it could stand no increase and will arbitrate.

Hearing nothing from the Atlantic Coast Line, which returned its property at a total of $12,850,598, the comptroller general assessed it at a total of $22,403,000.

The returns of the Western Union Telegraph company, which were put in at $1,030,240 this year, were boosted to $2,422,960. This company has also practically given notice that it will arbitrate.

Comptroller General Wright has added 25 per cent of the increase to the physical property of these corporations and 75 per cent to the franchises. He was prompted in this in part, he states, by the fact of the largely increased prices of materials and equipment.

BANKS MAKE BIG DEAL.

Lowry Bank of Atlanta Takes Over Deposits of Trust Company.

Atlanta, June 26.—At a meeting of the stockholders of the Trust Company of Georgia and of the Lowry National bank, held Monday afternoon, a deal was consummated by which the Lowry National bank is to take over all the deposits of the Trust company while the Trust company secured a large part of the stock of the Lowry National bank and will in future devote all its attention to the various features of the trust business.

The taking over of the banking business of the Trust Company of Georgia makes the Lowry National bank the largest bank in the state. July 1, when the deal is finally consummated, the capital stock of the Lowry National bank will be increased to $800,000 and the surplus and undivided profits to $680,000.

The Lowry National bank is 45 years old—the oldest banking institution in the state—and has always enjoyed an enviable reputation in banking circles. Its officers and directors will remain the same under the new regime.

The Trust Company of Georgia is the oldest institution of its kind in the south. Its business has grown rapidly and it will be placed on a much stronger basis for the handling of money by the deal just consummated.

Railroad Is Enjoined.

Asheville, N. C., June 26.—On the application of Cravath, Henderson & Gersdorff, representing the Standard Trust company, of New York, and Charles W. Tillet, of Charlotte, Judge J. C. Pritchard of the United States circuit court, has granted a temporary injunction against the Carolina and Western railroad company and the North Carolina corporation commission to prevent the enforcement of the North Carolina 2¼ cent rate law, which goes into effect July 1. The injunction is returnable by Judge Pritchard Saturday, at which time other railroad cases involving the same principle will be heard.

Drowned While In Swimming.

Lumpkin, Ga., June 26.—While in bathing Sunday afternoon with several boys of his size John T, Usher, about 16 years of age, was drowned presumably by taking cramp. One of the bathers came to town, which is about a mile, and gave the alarm, and in a few minutes quite a crowd was assembled diving and dredging for the body. Owing to the fact that the exact location was not known, it took about two hours to find the body and bring it out.

Fire Loss of $200,000.

Utica, N. Y., June 26.—The plant of the Utica Drop Forge and Tool company was destroyed by fire early Tuesday morning. Loss is estimated at $200,000.

BLOODY STANDARD IS RAISED IN CHINA

Revolution Is Assuming Alarming Proportions.

REFUGEES FLEE TO HONG KONG

Rebel Movement Has Become a Pretentious One, With an Army Organized After European Methods, Several Towns Captured.

Victoria, B. C., June 26.—Refugees were fleeing to Hong Kong from the districts affected by the revolution in South China, when the steamer Empress of Japan, which arrived Monday, left Hong Kong.

All reported the rebel movement as a most pretentious one, with an army organized after European methods.

War notes, which the rebel leaders promised to redeem at twice face value, after the fall of Canton, are being issued, proclamations posted, and everything carried out in form.

Most of the arms used are French quick-firing rifles and machine guns, smuggled during the past three years by way of Amoy and Canton.

After capturing the towns on the way to Swatow, the rebel forces moved again northward, seemingly making toward Canton. Huichou, on the Kowleen mainland, opposite Hong Kong, was captured, the imperial troops being badly worsted.

France is taking advantage of the outbreak to press for a French expedition being sent to Canton to protect that city and Pekin officials are reported as strenuously opposing such a move. Large quantities of supplies for the rebels are arriving at Hong Kong. Some bloody incidents are reported. At Wong Kong near Swatow, where the civil and military officials were butchered, as in the other cities, Takan Lang, a customs official, was killed by the rebels and the standard was sprinkled with his blood as were some of the banners.

Families of some of the officials were forced to drown themselves in wells. Refugees are arriving in sad condition, many having abandoned everything, even the sick and children, in their precipitate flight.

Outbreaks have been reported also from Hunan and Szechuan.

PUSHING GREATER AUGUSTA.

Bill to Increase Size of City of Augusta To Be Introduced.

Augusta, Ga., June 26—The Greater Augusta proposition that is being discussed between official Augusta and Richmond county delegation to the Georgia legislature is attracting a great deal of attention.

It is understood that Hon. Boykin Wright, Hon. R. E. Allen and Hon. C. E. Dunbar are in accord with the city administration on the proposition of the extension of the city.

The extension embraces large sections of Nellieville and Harrisonville, and a part of Summerville—principally the 'Flat' section of that village. The new territory embraces about one and one-quarter square miles in area and includes about 7,000 population.

The proper bills to accomplish the extension will be introduced at the coming session of the legislature.

Killed by Lightning.

Atlanta, June 26.—Thomas King, who lived near Howell's Station, was struck by lightning Monday morning and died instantly. Mr. King was sitting on his front porch when struck. Mr. King was 37 years of age and was an engineer on one of the Seaboard Air Line's pumping stations.

Report of Mutiny Denied.

Toulon, June 26.—The French armored cruiser Victor Hugo has arrived here from American waters. Her commander reiterates the denial of a mutiny on board the vessel.

Earth Shock in Venezuela.

Caracas, Venezuela, June 22, via Willemstadt, June 25.—A strong earth shock, lasting three seconds, was felt in the federal districts on Monday. No damage is reported.

FOR WHIPPING CHILD TEACHER ARRAIGNED

Interesting Session of County Judge's Court Promised.

A CHANGE OF VENUE CASE.

The Alleged Offense Was Committed in Levy County, by the Principal of the Bronson High School—Many Witnesses Will Testify.

An important case, and a case that will attract attention throughout the State, as a great question is involved—the question of whether a school teacher has the right to chastise a pupil—will be held in this city today, and is likely to attract a good crowd, there being, it is said, a dozen or more witnesses.

This is the case of the State vs. E. T. Wetter, for the past year principal of the Bronson High School. The prosecuting witness is Ivan Stringer, son of W. A. Stringer, of Bronson. The lad was a pupil of the Bronson school, when it is alleged that on May 9, Professor Wetter, the defendant, unmercifully and cruelly chastised him.

The arrest of Prof. Wetter created a mild sensation in Bronson, where he is quite popular. Upon his request a change of venue was granted, the defendant stating that he did not believe he could get justice in the Levy county court.

Prof. Wetter, who is one of the most widely known teachers in the State, is here at present attending the summer Normal. A large crowd of witnesses and interested persons are expected in the city over the Seaboard from Bronson this morning, and an interesting trial is assured.

The case will be called before Judge Mason at 10 o'clock this morning.

STEAM TURNED ON.

Plant of Eddins Manufacturing Company Again in Operation.

The steam has been turned on in the newly constructed plant of the Eddins Manufacturing Company, and again the army of employes will be engaged in the manufacture of sash, doors and blinds.

This department was burned out several months ago, which entailed a loss of about ten thousand dollars. The plant has been rebuilt, however, and there is now about three thousand feet more of space than employed in the former.

Make a Summer Resort of your Porch

The market is full of shades—good, bad and indifferent—but the

stands in a class alone as the Standard Porch Cooler, with a reputation as unassailable as Ivory Soap or Huyler's Chocolates.

A hundred thousand American homes, including the White House at Washington, are equipped with them, and here in Gainesville the scores of VUDOR Shades on nearly every street—some hung two years ago—are the best testimonials we could ask.

What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alterative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous diarrhea), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections, it is often successful in affecting cures.

The "Favorite Prescription" is advised for the cure of one class of diseases—those peculiar weaknesses, derangements and irregularities incident to women only. It is a powerful yet gently acting invigorating tonic and nervine. For weak worn-out, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulæ of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines.

The words of praise bestowed on the several ingredients entering into Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native, American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

GET THE NOTARY BUSY.

Clerk Wienges Says Pension Applications May be Made This Way.

County Clerk S. H. Wienges, who is one of the most obliging public officials in the State, has been busy for the past few days preparing and filling in blanks for the Confederate veterans who are seeking pensions. There are a great many of these veterans throughout the county, and for their information Mr. Wienges requests The Sun to announce that it is not necessary to have the signature before the clerk of the circuit court, but any notary public is empowered to take the signature and execute the paper. This information is given for the benefit of many who reside at a great distance from Gainesville, as it may save them the time and expense of a trip.

THE WOMEN PAID OUT.

Could Not Stand the Pressure of Working at Hard Labor on Streets.

Mary Williams and Mattie Goss, the two colored women who have been on the streets "doing time" for disorderly conduct for the past three or four days, having paid their respective fines, are again as free as the birds.

These women belong to a class of prowlers which do no town good, and it is to be regretted that they were enabled to raise the money with which to pay their fines, instead of being compelled to "do time" on the streets of Gainesville as object lessons of their class.

IN THE MAYOR'S COURT.

Four Negroes Arraigned and Fined Upon Charge of Vagrancy.

Because it is alleged Tom McFadden, Will Rowe, Chas. Muldrow and Will Bell, negroes, refused to work, they were arrested by Marshal Arnow Tuesday night, and on Wednesday morning were arraigned in the Mayor's court upon a charge of vagrancy.

Bell was fined $10 and costs, McFadden $5 and costs, and Rowe and Muldrow $2.50 each and costs.

The fines having been paid, the defendants were released.

A Beautiful Window.

The large show window of The G. W. Hyde Company, in which are displayed the collection of valuable and handsome presents, many of them of solid silver, which are to be given away absolutely free to those who attend the auction sale of College Park lots, attracted much atention yesterday. All day crowds were gathered about the window admiring the handsome pieces of silver and bric-a-brac. The presents are to be distributed among those who attend the sale, whether they purchase lots or not. The collection will remain in the window of G. W. Hyde Company the remainder of this week, so that all may have an opportunity of inspecting them.

HENDERSON MAKES A LARGE PURCHASE

Shows Confidence in Gainesville by Buying Twenty-Nine Lots.

LOCATED NEAR UNIVERSITY

One of These Lots Contains a Model Home, and It is Rumored That Mr. Henderson and Family Will Make Their Future Home in Gainesville.

Real estate continues on the move in Gainesville, and the market holds up remarkably well. Out-of-town folks, being attracted by the many advantages of the city, are investing their money here in real estate, which is the best evidence of their confidence in the city and its future.

The latest purchaser is F. P. Henderson, the horticulturist and nurseryman of Arno, who has purchased from M. J. Orr a desirable tract opposite the University grounds. The tract comprises twenty-nine building lots, one of which contains a fine home, with barn and other out-houses, all in excellent condition. The sale was made through Steenburg & Patterson.

It is understood that Mr. Henderson, with his excellent family, proposes to make his future home here. They will be gladly welcomed, as they are among the best people of the county.

While it is not certain, it is rumored that Mr. Orr, who has owned the property for the past two years, will return to his former home in West Virginia.

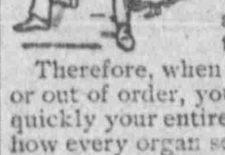
Famous Criminals Sentenced.

Birmingham, Ala., June 26.—Minnie Berwanger, Mabel Dill and Joseph Berwanger pleaded guilty here to larceny from dwelling and each was sentenced to 12 months' imprisonment. The trio is famous in the criminal records of several American cities, notably Nashville and St. Louis. Both women are very pretty. They were recently brought here from Nashville where it was found they had a large amount of jewelry stolen from Birmingham residences.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.



The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

NEALEY DEMENTED WANTED TO KILL

Has a Message from Heaven Commanding Him to Behead Men.

IN A PITIABLE CONDITION

Unfortunate Man Declares God Bids Him Chop Off the Head of Every Man He Meets, But Let the Women Alone—Adjudged Insane Wednesday.

Suffering with the hallucination that it is his duty to sever the head of every man he meets with an axe, by command of God, Henry Nealey, an unfortunate colored man who has been in Gainesville for the past two years, and who is well known, is a raving maniac at the county jail, and his predicament is indeed a pitiful one.

"Give me an axe! Give me an axe! I have a command from God to behead every man I meet and let the women go," is his cry. He declares that he has been commanded by the Supreme Power to get an axe and proceed to execute every man he meets, and begged the guards at the jail to permit him to go to the hardware store and secure the desired implement.

Nealey came here as a laborer on the University buildings when the work at first began, and has been about the city ever since. He was looked upon as a peaceable, law-abiding citizen until a week ago, when his actions were strange, and since which time he has been growing worse mentally. He finally became so desperate that it became necessary to lock him up Tuesday afternoon, to insure the safety of the lives of those about him.

The unfortunate man was examined before a commission comprising Drs. J. H. Colson and J. M. Dell, and Geo. Mason, who pronounced him insane Wednesday. An attendant is expected today or tomorrow to convey him to the hospital for the insane at Chattahoochee.

ANOTHER NEWBERRY FIRE.

Married Couple, on their Honeymoon, Returned to Find Home Burned.

It must be hard for a bridal couple, returning from their honeymoon, to find upon their arrival their home and all its contents in a heap of ashes, but this was the fate of Annie Allen and her husband, who left Newberry light-hearted, only to behold a smouldering ruin upon approaching their former home.

On Friday night the home owned and occupied by Annie Allen, a colored woman, was burned, with all the contents, notwithstanding that those who congregated worked hard to save the property.

The woman has recently become a bride, and her husband and herself were enjoying the hospitality of friends at Tyler for their honeymoon, hence there was no one in the house at the time of the fire, and the origin is supposed to be incendiary, as no fire had been about the place for three or four days.

It is stated that Annie Allen had a mortgage upon her home. It is further stated that she had been keeping company with a certain man in Newberry, and that he "lifted" the mortgage under a promise that the woman would marry him, but shortly after the home was cleared the woman became the wife of another man.

Death at High Springs.

Information has been received here of the death of Mrs. W. H. Crawford, an elder lady, being about eighty-six years of age, which occurred at her home in High Springs on Tuesday morning, the funeral being held on Wednesday, Rev. Mr. Yates conducting the ceremony.

Deceased was a member of the Baptist church, and was very highly respected, as she was a lady of the highest Christian refinement. She is survived by four daughters, Mesdames E. W. Rivers, John Rymes and E. D. Dedge, and one daughter in Texas whose name could not be learned.

The sympathy of friends is extended upon this occasion.

A CLEVER RHYME.

Short lines addressed to Mr. McBeath, by a little Micanopy girl now taking a course at the Presbyterian Hospital, Atlanta, Georgia:

Tommy, we have read your piece,
And think it very good;
Your class, though, has not done it all,
We want that understood.

We, too, have studied lots of things,
And learned just how to treat
The brain diseased, the body sick,
In a manner quick and neat.

We've learned also to cook good things
To tempt the appetite,
Of those who "cannot eat at all"
And, learned to do it right.

We've given medicine galore,
Cut off a limb or two;
We've bathed and rubbed, and rubbed and bathed
To pull our patients through.

But after June of 1908
We'll "have not time to tarry."
We hope, though, 'twill not be our fate,
To "hunt a man to marry."

We're going out into the world
Whenever we have a call,
To nurse the sick, both rich and poor,
Old folks, young folks and all.

But when it comes to marrying, Tom,
(A good man great and tall,)
We leave that for your own classmates,
WE WANT A JOB— that's all.

SULPHUR BRINGS HEALTH.

Purifies the Blood and Clears Up the Complexion.

Everybody needs to take sulphur at this season. Nothing like it to purify the blood, clear up the complexion and remove "that tired feeling." But the only way to take it is in liquid form. Hancock's Liquid Sulphur taken internally is the best Spring tonic. Applied externally Hancock's Liquid Sulphur quickly cures Eczema, Tetter, and all Skin Diseases. Hancock's, the only Liquid Sulphur Ointment, removes Pimples, Blackheads and Sores, and gives a beautiful soft, velvety skin. Your druggist sells it. It cured Edward D. Herring of Frederick, Md., of a bad case of Eczema, and he writes: "My face is as smooth as an infant's."

Will Turn Money Back.

Atlanta, June 26—Georgia's Jamestown commission held a well-attended meeting Monday in the office of the governor, nearly all of the out-of-town members being present. The most important announcement made at the conclusion of the meeting was that part of the appropriation of $30,000 made by the legislature for the purpose of preparing a Georgia exhibit will be turned back into the state treasury. The commission took steps to make some additions to the agricultural and historical exhibits at Jamestown. The general verdict was that Georgia has the finest mineral exhibit at the exposition.

Baseball Players and Foot Racers.

Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes, Oct. 27, 1901: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction. Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 25c, 50c and $1.00. Sold by W. M. Johnson.

S.S.S. CURES CHRONIC ULCERS

Chronic Ulcers are the result of a deeply polluted and foul blood supply. The blood is filled with impurities and germs which are being constantly fed into the place through the circulation, until all the surrounding flesh becomes diseased and the sore an obstinate and permanent trouble. Every symptom of an old ulcer suggests pollution; the discharge, the red angry looking flesh, the inflammation and discoloration of surrounding parts, all show that the ulcer is prevented from healing by the constant drainage through it of impurities from the blood. This impure condition of the blood may be hereditary, or it may be the remains of some constitutional disease, or the effects of a long spell of sickness, leaving disease germs in the system, or the absorption of the refuse of the body which has not been properly expelled through the natural channels. But whatever the cause, the blood is so weakened and polluted that it does not properly nourish and stimulate the place, and the sore cannot heal. Salves, plasters, lotions, etc., keep the sore or ulcer clean, relieve pain, and perhaps reduce inflammation, but can never permanently heal them because they do not reach the blood. S. S. S. goes down to the very fountain-head of the trouble, drives out all poisons and germs, builds up the weak, sluggish blood, gives energy and strength to the system, and by sending a fresh, healthy stream of blood to the diseased parts, allows the ulcer to heal naturally and permanently. Nothing reaches inherited taints like S. S. S. It cleanses the circulation of every trace of hereditary disease or impurity, and those who have nursed and treated an old sore for years will experience good results as soon as the system becomes influenced by S. S. S. Book on Sores and Ulcers and medical advice free to all who write. THE SWIFT SPECIFIC CO., ATLANTA, GA.

The latest candidate for Presidential honors from the South is Governor Beckham of Kentucky, who his friends declare is one of the greatest Democratic leaders. He is now by the votes of the people nominated for United States Senator, but the Watterson "dark horse" may be an obstacle in his path to higher honors.

Taking into consideration the length of the drought, it is surprising to observe the condition of cotton and corn in this section. The latter is in fair condition where properly cultivated on good soil, while cotton is in fine shape. If too much rain does not prevail between this and picking time the growers in the Sea Island cotton belt will make a fine crop. The truck growers, though, have been heavy losers by the drought.

There is really no excuse for people to leave Florida to spend the summer. Besides the elegant seaside resorts on the Atlantic Coast, there are many springs throughout the State where good accommodations can be secured at reasonable prices, and the waters from these springs possess wonderful curing properties. While many of our people go to other States for health during the summer, in many instances people from those very States come to Florida for the same thing.

The special edition of The Fernandina Record, of which John O. LaFontisee, one of the best known and most thoroughly posted newspaper men in the State, is editor, has reached The Sun. The issue contains twenty-eight pages, and is handsomely illustrated, making it very attractive. In his write-up of Fernandina Mr. LaFontisee is to be congratulated, as the matter is not only concise, but arranged in that clever, interesting manner for which the writer is noted. Its pages are well filled with advertising, which goes as evidence of the energy of the business men of the city. In all, the number is quite a success, and is destined to prove of lasting benefit to Fernandina, the deep water port of the South Atlantic.

During a short stay in Live Oak last Sunday the editor took occasion to make a casual survey of the town. It is undoubtedly growing rapidly, both in population and as a commercial and manufacturing centre. New buildings are going up in every direction, and substantial ones, too, showing that the people have confidence in the future of the town. It is not a pretty town, however, owing to lack of uniformity of the streets, some of the buildings being considerable distance out of line with others on the same street. Those responsible for this condition of affairs will always have cause to regret it, for in at least some instances the only way in which it can be remedied is for the buildings to be destroyed. We predict a great future for Live Oak, however, for the kind of people live there who are calculated to build up a city.

FROM THE NATIONAL CAPITAL.

(Special Correspondence.)

Last week was prolific of semi-official statements. Beveridge has been to Oyster Bay, and presumably with authority, announces that "We" are not standing so awfully pat as some folks suppose. The statement Beveridge writes for The World is not as specific as the curious desire, but it announces that "natural causes" should be reasonable and avoid producing panic, just because it is found necessary to revise some scandalously oppressive schedules. The whole significance of this semi-official statement is that revision is accepted at Oyster Bay as an inevitable issue.

Then comes Bourke Cockran from Nebraska, where he has seen Mr. Bryan. He repeats what so many who have seen Mr. Bryan lately know to be true; that is, that he is in doubt as to whether he will be a candidate or not. He thinks it is too soon to decide. These two great orators, according to the newspapers, spent their time in talking about the platform.

Finally, Norman E. Mack returns from abroad to report of fields and individuals beyond the pale of candidacy, and says that Richard Croker will return to the States, but only to vote. The hope expressed by Mr. Mack that Mr. Hearst and Mr. Bryan will, for the party good, make up their differences, has brought out the first explicit statement concerning the basis of the feud between these two gentlemen. None of Hearst's friends whom the New York newspapers sought would speak for publication, but it was learned that there is still a very pronounced ill-feeling on the part of the Hearst people against Mr. Bryan, and the reason is given thus:

Mr. Hearst, in 1896 and 1900, personally through his newspapers, supported Mr. Bryan for the Presidency. In 1904 Mr. Bryan was not a candidate for the Presidency, while Mr. Hearst was, and Mr. Hearst felt that he should have Mr. Bryan's support. Instead of requiting the political loyalty of Mr. Hearst, Mr. Bryan went upon the platform and seconded the nomination of former United States Senator Cockrell of Missouri, who had no chance of being nominated. Some of the Hearst people who were seen declared that Mr. Hearst's friends would do everything possible to defeat Mr. Bryan for the nomination next year, and that if they accomplish their purpose, Mr. Hearst would not run for President as the candidate of the National Independence League.

Peculiar significance is lent by these statements, which are admittedly inspired from Hearst sources, to Mr. Bryan's recent utterance concerning the Hearst Independent League, to the effect that "from a Socialistic standpoint, there will be reason enough for a third party; but that from a Democratic standpoint, a third party will be unnecessary."

Neither the broad and charitable statesmanship which enlightening travel is supposed to produce, nor the chastening effect of defeat and repudiation, are apparent in this disclosure, and thoughtful Democrats are justified in wondering whether the promising party outlook is to be clouded by a personal rivalry, petty enough to do credit to a town meeting, and involving personal ambitions and no principles.

Some of the ignoble results of this quarrel, between the candidates may be seen in the recent exposure of Mr. Bryan's undignified method of hanging around box offices and personally collecting and bestowing, in a bag carried for that purpose, the actual cash for his work as a lecturer, instead of having a clerk or a secretary to do it.

While this and other small items of purely personal interest may be entertaining to groundlings and professors of deportment, they cannot contribute to a healthy public discussion about matters of principle.

The editor of The St. Louis Globe-Democrat appears to be on the verge of nervous prostration these days, and his tender feelings have been lately lacerated by the statement of The Chicago Tribune that "there is no Republican party in any of the so-called Southern States." One can hardly blame The Globe-Democrat for getting excited about it, for it is so evidently true that outside of the Federal officeholders there is not much to be found of the Republican party in the South. For instance, at the caucuses in New Orleans lately there were only about 700 votes cast and there are over 700 Republican officeholders.

It is said that the crops of corn, cotton, tobacco, vegetable, and fruits are very poor in the South. But the crop of dark horses for the Democratic Presidential nomination is flourishing. Culberson, Hoke Smith, John W. Daniel, John Sharp Williams, Gov. Folk and others are all mentioned as good Presidential timber. Nobody doubts the soundness of their democracy or their qualifications for the office. What is wanted, however, is someone nominated who can win.

With the announcement that the members of the late Russian Douma are going to the Hague to explain how it happened, the Peace Conference may be expected to beat a hurried call to quarters and send below for collision mats and fenders.

HOW BONNER WON SUCCESS

The career of Robert Bonner, the veteran publisher, furnishes a signal illustration of the value of persistent and sagacious advertising. When he began the publication of the paper whose phenomenal success brought him fame and fortune, he did not wait for the people to find out, slowly and gradually, the interesting features of his journal.

He forced his enterprise upon public attention by a systematic lavishness of expenditure for advertising which at that time was without precedent or parallel. Whole pages of daily newspapers were secured at high prices to blazon forth the merits of his undertaking.

From one end of the country to the other the names of Bonner and his Ledger were made familiar to the people by constant repetition.

Conservative publishers, jogging along in the ruts of old routine, prophesied bankruptcy and ruin for this unconventional innovator, but Bonner kept on spending a large share of his receipts in buying publicity, and those receipts increased with startling rapidity.

Every dollar disbursed in this way brought in more dollars until croakers were confounded and pessimists in this particular branch of business silenced by his tremendous success.

The lesson is one that is as well worth heeding today as it was forty years ago.—Philadelphia Bulletin.

LARGE SUMS REFUNDED.

H. Tift's Case Against Southern Railroad Decided.

Macon, Ga., June 26.—Judge Emory Speer signed an order Monday making the mandate of the United States supreme court the decree of the United States court here in the cases of H.H. Tift, et. al. against the Southern railway et al. This order follows a decision in the United States circuit court of appeals, as well as that in the supreme court affirming Judge Speer's own decision.

The case is one of the most important coming out of the entire south in many months. This determines the advantage of the complainant under the law and instead of going before the interstate commerce commission a long delayed hearing the person not satisfied with the proceedure of the carrier may take his case directly into the United States court for complaint. In this case it was done and Judge Speer upheld the complaint. The other courts followed him. It means a refunding to the lumber producers of more than a million dollars.

Standing Master J. N. Talley, of the United States court here, was early placed in charge of the duty of determining what amounts should be refunded, and now that the last fight has been made and the courts have all reached their conclusions, he will enter upon this task. It will be a very huge task. Statements of accounts will be had from nearly every one in the south handling the lumber and freight since the case was filed more than five years ago.

TO FIGHT 2-CENT RATE.

Railroads Represented in Full Force at Asheville.

Washington, D. C., June 26.—The railroads are going to be represented in full force at Asheville Wednesday, when Judge Pritchard, of the United States circuit court, takes under consideration the injunction proceedings for the restraint of the North Carolina legislature and the Virginia corporation commission in ordering in effect reduced passenger fares.

The Southern railway, especially, will have a big array of legal and official talent at the Asheville hearing. Fourteen different states have taken action looking to the reduction of passenger fares, and the outcome of the proceedings at Asheville this week have a national significance. Whatever the result of the hearing before Judge Pritchard, the North Carolina and Virginia cases will be the first appealed to the supreme court of the United States which is the authority that will finally decide the constitutionality of the rate reduction acts of the various states.

THREATS SENT FUNSTON.

Says He Did Not Mean Discourtesy to Citizens of 'Frisco.

San Francisco, June 26.—General Funston, whose letter to the Fourth of July committee, refusing to parade the regular troops under his command because he feared trouble at the hands of the "unwhipped mob," in San Francisco, has led to considerable comment and criticism, gave out a statement Tuesday in which he said he meant no discourtesy to the people of San Francisco and that in his reference to the "unwhipped mob," he did not mean the labor unions nor the men now involved in the various strikes.

He declared that he had received a number of threatening letters, one of which said he would meet the fate of Steunenberg if he dared to parade the troops on the streets of San Francisco.

Twice Divorced, Thrice Wedded.

Cleveland, Ohio, une 26.—D. R. Hanna, son of the late M. A. Hanna, was married Monday to Mrs. Mary Stuart, at the residence of the bride's mother on East Eighty-second street this city. Mr. Hanna has been married twice before, a divorce having been obtained by each of his former wives. Mrs. Mary Gordon Hanna, the second wife, was granted a divorce last Friday. The bride is the divorced wife of Frank S. Kelly, a hotel clerk.

Kaiser Addresses Sailors.

Kiel, June 26.—When the Kaiser visited the Japanese cruisers Tsukuba and Chitose during the regatta here, he addressed the crew of the former warship, saying in English: "I trust and hope that the Japanese and German navies will always work together as good friends and comrades, and that their ensigns will always float side by side for the maintenance of the peace and order of the world."

Columbus, Ga., June 26.—The 8-months-old child of Dr. T. B. The doctor drove up and left his horse and buggy in the street for a moment while he went in the house. 7 PEOPLE CRUSHED TO DEATH IN NEW YORK

Old Tenement Tumbles From Jolt of Trains.

OLD MAN'S MIRACULOUS ESCAPE

Had It Not Been For the Warning Given by Lodgers Returning Late at Night, the Casualties Would Have Been Greater.

New York, June 26.—Seven persons, six of them members of one Italian family, were killed early on Tuesday morning in the collapse of a ramshackle tenement in the down town Italian quarter.

Three other members of the same family, including the father and mother, are in a hospital, painfully injured but will recover. There were some exciting scenes immediately following the accident, one of which was the rescue of an old man from a two-foot ledge, 40 feet from the pavement, this portion of the fallen building having adhered to the adjoining structure long enough to permit the firemen to get to the scene, raise a ladder and take the man, Jacob Reigler, safely to the ground. Then it also fell into the ruins.

The collapsed building was a four story affair, built more than fifty years ago at Walker and Lafayette streets. The constant rumbling of subway trains a block away was too much for it, in its weakened condition.

The dead are Tony Torchino, 17, Mamie Torchino, 23, Lillie Torchino, 9, Susie Torchino, 13; Fred Torchino, 10, Edward Torchino, 2, Cosmo Belucci, 40, a lodger; Tomasco and Amelia Torchino, father and mother of the unfortunate family and another son, George, are suffering from scalp wounds and contusions.

George Blumenthal, the contractor who had charge of the recent repairs on the building, was arrested, charged with homicide.

That many more persons did not lose their lives was due to two of the younger occupants of the house having attended an Italian celebration Monday night. The boys reached home shortly before 2 o'clock in the morning and warned by the severe shaking and creaking of the house, ran through the building and warned the sleeping tenants of the impending danger. Dozens of persons ran into the streets in their night clothes, and many of them had scarcely gained the street before the crash came.

NASHVILLE STARTS NEW MOVE.

Will Employ Only Southern Negro Teachers in Her Public Schools.

Nashville, June 26.—A tacit conclusion was reached by the Nashville board of education Monday night that only negroes born, bred and educated in the south need apply for election as teachers in the negro public schools of this city.

This action was taken for the reason that negroes from north of the Mason and Dixon line have "notions" and "are not familiar with southern traditions and sentiment and are persona non grata to the Nashville board of education."

Manual training is to be introduced into the negro schools and the sentiment entertained by the board was developed from the facts that among the applications for the position of supervisor of Manual Training of the negro schools were graduates of Harvard and other eastern universities. One other is a big, black, southern born, southern bred and southern educated negro, and he got the job.

Culp Says Reports Are Not True.

Washington, D. C., June 26.—Vice President J. M. Culp, of the Southern Railway company, stated Tuesday in answer to inquiry that there is no foundation for the published rumor that there would be a change in the offices of passenger traffic manager and general passenger agent of that company on July 1. He announced that no change in either of those offices is contemplated.

THAW CHEERFUUL IN TOMBS.

First Anniversary of Sensational Killing of White.

New York, June 26.—A year ago Tuesday night Harry K. Thaw shot and killed Stanford White, the architect on the Madison Square roof garden during the initial performance of the musical comedy, "Mm'selle Champagne."

Since the tragic night Thaw has been the central figure in one of the most absorbing trials in the criminal annals of this or any other country; his mental state has been made the theme of innumerable opinions, lay and expert, and it has been passed upon by a legally constituted commission. His own, his wife's and his family's acts, positive or negative, have been related even to the most ordinary details; his case has been the subject of a prodigous amount of newspaper writing and illustration; the proceedure of his trial has been made the subject of international comment, and finally, twelve men picked with extraordinary care, have disagreed in his case, after probably the most popularly exciting deliberations in the history of any trial for murder in the United States. Thaw has many more days in the Tombs ahead of him, for it is certain he will not be tried the second time until late in the fall and there is a possibility that he may not be tried again this year. But he seems sanguine and cheerful notwithstanding the confinement and scenes of depression he is obliged to undergo. He is in good health also, though pale from his prison life.

"I feel confident of acquittal at my next trial," he is quoted as saying. Thaw has struck up a decided friendship with Raffaele Gascone, who is charged with the murder of a fellow citizen, and with months spent in the death house in Sing Sing prison, is awaiting a new trial. Thaw and Gascone spend not a little time pacing the corridors and chatting together.

KING CARLO'S THRONE TOTTERS

Imminent Danger of Being Engulfed by Democratic Wave.

London, June 26.—A correspondent of the Tribune says in a letter mailed from Lisbon, June 19, that King Carlos' throne is in imminent danger of being swept away by the rush of a great democratic wave, swollen suddenly to dangerous proportions by the act of despotism which he permitted May 1.

The people do not forget, the correspondent says that last year the king condemned Premier Ribeiro's attempt to dissolve the cortez and they contrast this attitude toward a conservative premier with the curious illogical license he has given to Premier Franco. The general feeling of the country is one of advanced liberalism and a repetition of autocratic bungling can only have one result today in Portugal, the writer says, namely, the deposition of the king and the establishment of a republic.

Sheriff After Five Persons.

Macon, Ga., June 26.—Sheriff Robertson is in pursuit of five persons, three women and two men, all white, who are charged with having murdered Arthur Dyche, the collector who was found hanged last week. The sheriff has several deputies who are making faithful efforts to locate the parties and he believes that he will have them under arrest soon. No statements as to the theory advanced or a clew upon which the officers are working have been given out, but Sheriff Robertson believes he has located the murderers.

Steamship Santiago Wrecked In Heavy Squall.

12 ENGLISH OFFICERS PERISH

Only One Boat Was Launched in the Storm and It Was Dashed to Pieces on the Rocks After Drifting Several Days.

Santiago, Chile, June26.—It is officially announced by the Pacific Steam Navigation company that only one passenger was aboard the Santiago, wrecked in a heavy squall 50 miles north of Corral, and he was drowned.

The only survivor was the fourth officer.

All the rest of the crew, numbering ninety, and including twelve English officers, are said to have perished.

Only one boat was launched, and it was dashed to pieces on the rocks. after drifting for several days.

RIOTS AT COPPER MINES.

Japanese Miners Arm Themselves and Cause Disturbances.

Victoria, B. C., June 26.—Following the recent labor troubles at the Ashie Copper mines and Muroran collieries, serious disturbances are reported at the Besshi copper mines near Miyanoshita, Japan.

Ten thousand strikers have burned mine buildings, destroyed much property, killed the chief of police at Suimoto and attacked a regiment of soldiers sent to quell the rioting.

The miners armed themselves with rifles and ammunition taken from the mining company's magazine, which they destroyed.

Dynamite cartridges were also used by the rioters. Many scenes of violence were enacted and a number of fatalities have been reported. Ring leaders of the strike movement said to be socialists, are alleged to have fomented the troubles at the Ashie mines. Damage done to the mines is estimated at over a million dollars.

Guatemalan Ports In Readiness to Repel Invasions.

New Orleans, June 26.—A Picayune special from Port Barrios, Guatemala, says that the forces at the east coast ports, held in readiness to repel invasions, number 500 men at each place, each battalion of this size having six rapid fire and six siege guns.

The dispatch also confirmed reports that coast fortifications are being erected at several ports. The Guatemalan government is reported to be negotiating to buy a 400-ton steamer of 18 knots speed, to be armed with eight rapid-fire guns and used as a man-of-war.

INCREASE PUT ON ROADS.

Comptroller General Assesses Southern Coast Line and Western Union.

Atlanta, June 26.—Comptroller General W. A. Wright assessed two big railroad companies to an extent almost double their returns, and more than doubled the returns of the Western Union Telegraph company.

The Southern railway, which made a total return of its property in Georgia at $14,884,923, was assessed by the comptroller general at $26,500,000, an increase of nearly $12,000,000. The Southern has already notified the comptroller general that it could stand no increase and will arbitrate.

Hearing nothing from the Atlantic Coast Line, which returned its property at a total of $12,850,598, the comptroller general assessed it at a total of $22,403,000.

The returns of the Western Union Telegraph company, which were put in at $1,030,240 this year, were boosted to $2,422,960. This company has also practically given notice that it will arbitrate.

Comptroller General Wright has added 25 per cent of the increase to the physical property of these corporations and 75 per cent to the franchises. He was prompted in this in part, he states, by the fact of the largely increased prices of materials and equipment.

BANKS MAKE BIG DEAL.

Lowry Bank of Atlanta Takes Over Deposits of Trust Company.

Atlanta, June 26.—At a meeting of the stockholders of the Trust Company of Georgia and of the Lowry National bank, held Monday afternoon, a deal was consummated by which the Lowry National bank is to take over all the deposits of the Trust company while the Trust company secured a large part of the stock of the Lowry National bank and will in future devote all its attention to the various features of the trust business.

The taking over of the banking business of the Trust Company of Georgia makes the Lowry National bank the largest bank in the state. July 1, when the deal is finally consummated, the capital stock of the Lowry National bank will be increased to $800,000 and the surplus and undivided profits to $680,000.

The Lowry National bank is 45 years old—the oldest banking institution in the state—and has always enjoyed an enviable reputation in banking circles. Its officers and directors will remain the same under the new regime.

The Trust Company of Georgia is the oldest institution of its kind in the south. Its business has grown rapidly and it will be placed on a much stronger basis for the handling of money by the deal just consummated.

Railroad Is Enjoined.

Asheville, N. C., June 26.—On the application of Cravath, Henderson & Gersdorff, representing the Standard Trust company, of New York, and Charles W. Tillet, of Charlotte, Judge J. C. Pritchard of the United States circuit court, has granted a temporary injunction against the Carolina and Western railroad company and the North Carolina corporation commission to prevent the enforcement of the North Carolina 2¼ cent rate law, which goes into effect July 1. The injunction is returnable by Judge Pritchard Saturday, at which time other railroad cases involving the same principle will be heard.

Drowned While In Swimming.

Lumpkin, Ga., June 26.—While in bathing Sunday afternoon with several boys of his size John T. Usher, about 16 years of age, was drowned presumably by taking cramp. One of the bathers came to town, which is about a mile, and gave the alarm, and in a few minutes quite a crowd was assembled diving and dredging for the body. Owing to the fact that the exact location was not known, it took about two hours to find the body and bring it out.

BLOODY STANDARD IS RAISED IN CHINA

Revolution Is Assuming Alarming Proportions.

REFUGEES FLEE TO HONG KONG

Rebel Movement Has Become a Pretentious One, With an Army Organized After European Methods, Several Towns Captured.

Victoria, B. C., June 26.—Refugees were fleeing to Hong Kong from the districts affected by the revolution in South China, when the steamer Empress of Japan, which arrived Monday, left Hong Kong.

All reported the rebel movement as a most pretentious one, with an army organized after European methods.

War notes, which the rebel leaders promised to redeem at twice face value, after the fall of Canton, are being issued, proclamations posted, and everything carried out in form.

Most of the arms used are French quick-firing rifles and machine guns, smuggled during the past three years by way of Amoy and Canton.

After capturing the towns on the way to Swatow, the rebel forces moved again northward, seemingly making toward Canton. Huichou, on the Kowleen mainland, opposite Hong Kong, was captured, the imperial troops being badly worsted.

France is taking advantage of the outbreak to press for a French expedition being sent to Canton to protect that city and Pekin officials are reported as strenuously opposing such a move. Large quantities of supplies for the rebels are arriving at Hong Kong. Some bloody incidents are reported. At Wong Kong near Swatow, where the civil and military officials were butchered, as in the other cities, Takan Lang, a customs official, was killed by the rebels and the standard was sprinkled with his blood as were some of the banners.

Families of some of the officials were forced to drown themselves in wells. Refugees are arriving in sad condition, many having abandoned everything, even the sick and children, in their precipitate flight.

Outbreaks have been reported also from Hunan and Szechuan.

PUSHING GREATER AUGUSTA.

Bill to Increase Size of City of Augusta To Be Introduced.

Augusta, Ga., June 26—The Greater Augusta proposition that is being discussed between official Augusta and Richmond county delegation to the Georgia legislature is attracting a great deal of attention.

It is understood that Hon. Boykin Wright, Hon. R. E. Allen and Hon. C. E. Dunbar are in accord with the city administration on the proposition of the extension of the city.

The extension embraces large sections of Nellieville and Harrisonville, and a part of Summerville—principally the 'Flat' section of that village. The new territory embraces about one and one-quarter square miles in area and includes about 7,000 population.

The proper bills to accomplish the extension will be introduced at the coming session of the legislature.

WOMEN PRISONERS WORKING STREETS

Female Offenders Could Not Pay Fines, and Were Put to Work.

ARE WELL-KNOWN CHARACTERS

Faces Are as Familiar Upon the Square as the Old Town Clock, and Both Were Pulled for Disorderly Conduct—Were Given Thirty Days.

From Tuesday's Daily Sun.

It is a strange spectacle to see women working on the streets as prisoners, but that was a scene upon the streets of Gainesville Monday, and will continue every day for the next month unless through some source the prisoners can secure the funds to pay their way to liberty.

The names of these two women are Mary Williams and Mattie Goss, two well-known female characters, whose faces are as familiar on the streets, especially on Saturday nights, as the face on the clock in the court house tower.

Mary Williams was arrested Thursday night upon a charge of disorderly conduct and fighting. She was arraigned in Mayor's court Friday morning and was sentenced to pay a fine of $10 and costs or spend thirty days in jail. She took the latter from necessity.

Mattie Goss, it is said, is a great friend and companion of Mary. Hearing of Mary's misfortune, she proceeded to the neighborhood where the trouble occurred and proceeded to "cuss out" the whole community, when she was arrested, and on Saturday morning shared the same fate—$10 and costs or thirty days.

Both women were put to work on the streets, and will be compelled to serve their time if some of their friends do not come to their rescue.

The pair is being closely guarded by Marshal Arnow, who declares that he proposes to "get his money's worth."

The women will spend their leisure hours in the city jail, during which time they will partake of the city's hospitable bill of fare.

TRAIN SMASHED A WAGON

Seaboard Train Backed Into E. E. Cannon's Team With Serious Results.

While backed up to the packing-house at the Seaboard Air Line station Monday, a team owned by E. E. Cannon, loaded with fertilizer, was backed into by a train of the Seaboard Air Line railroad, and was partially demolished, the wheels of the vehicle being completely wrecked.

It was an unfortunate thing at this stage of the game that the mules were not afraid of the train, for, in that event, they might have pulled away; but as it was the animals looked consoled by the fact that they were resting, and permitted the train to back on to the team, playing havoc and scattering fertilizer in every direction, besides the wrecking of the wagon.

Manager Cannon, who happened to be in the vicinity, smelt a "mouse" or something else from which fertilizers are made, and at once realized that there was something wrong. He found that he was correct as soon as he turned the corner of the building, for he found a small-sized wreck which looked anything but good to him.

FATHER THOUGHT CHILD WOULD DIE

Suffered with Cuban Itch, and Sores Covered Body from Head to Foot —Would Claw Himself and Cry All the Time — Could Not Be Dressed — Mother Advised to Try the Cuticura Remedies.

CURED BY CUTICURA AT EXPENSE OF 75c.

"My little boy in the Spring of 1901, when only an infant of three months, caught the Cuban Itch from one of my neighbor's babies. Sores broke out from his head to the bottom of his feet. He would itch and claw himself and cry all the time. He could not sleep day or night. I had to wheel him in his carriage most all the while to keep him still. He could not bear to have his clothing touch him, and only a light dress is all he could wear. I can't begin to speak in words the suffering the poor child had to endure. I called one of our best doctors to treat him, and he said he had the Cuban Itch, and his treatment did not do any good. He seemed to get worse. He suffered so terribly that my husband said he believed he would have to die. I had almost given up hope when a lady friend told me to try the Cuticura Remedies. She said she cured her little girl's ear, which was nearly eaten up with the eczema. I got a cake of Cuticura Soap and one box Cuticura Ointment, and I washed him all over with the Cuticura Soap and applied the Cuticura Ointment and he at once fell into a sleep, and he slept with ease for the first time since two months. When he awoke I applied it again, and it gave him much ease, and after three applications the sores began to dry up and improvement began to show, and in a few days the hide from the bottom of his feet and inside of his hands began to peel off. I only used one cake Cuticura Soap and one box Cuticura Ointment to complete the cure of the dreadful disease, and in just two weeks from the day I commenced to use the Cuticura Remedies my baby was entirely well. The treatment only cost me 75c., and I would have gladly paid $100 if I could not have got it any cheaper. I feel safe in saying that the Cuticura Remedies saved his life. He is now a boy of five years, and is as well as any child you ever saw. Mrs. Zana Miller, Union City, R. R. No. 1, Branch Co., Mich., May 17, 1906."

SLIGHT-TOMPKIES NUPTIALS.

Wedding of a Former Gainesville Girl in Miami Wednesday.

The following account of the wedding of Miss Harriet Elizabeth, the youngest daughter of Mrs. R. S. Flannagan of Miami, formerly Mrs. Lillian Sligh of this city, will be read with interest:

"On Wednesday evening, at the Fort Dallas Hotel, W. H. Tompkies and Miss Harriet Elizabeth Sligh were united in marriage, the Rev. L. D. Lowe, pastor of the Methodist Episcopal church, officiating.

"The wedding was a quiet, home affair, on account of a recent bereavement in the family. Originally the plans were laid for a brilliant church wedding at an earlier date. Only the immediate family and a few friends were present.

"The wedding took place in the front parlor of the hotel. The decorations were elaborate and appropriate, being of cut flowers, potted plants, etc. Miss Yarborough, a gifted musician and a close friend of the bride, presided at the piano, and as the happy couple entered the parlor, Miss Yarborough, in her own inimitable way, played Mendelssohn's Wedding March. The bride and groom entered the spacious parlor unattended, taking their place, the beautiful and impressive Methodist marriage ceremony was read by Dr. Lowe, who pronounced then 'man and wife.' Immediately at the close of the ceremony, the relatives present gathered about the happy pair, showering upon them congratulations. Soon the doors leading to the dining-room were thrown open and the party were invited to partake of a sumptuous repast, furnished in honor of Mr. and Mrs. Tompkies. The decorations of the dining-room were in keeping with the floral display in the parlors and hall.

"Later scores of friends of the bride and groom called at the hotel and showers of congratulation and good wishes were bestowed upon them.

"The bride's wedding gown was of white radium silk, with train and trimmings of real alce, orange blossoms held her veil in place and she carried a beautiful bouquet of bride's roses and asparagus ferns, while Mr. Tompkies was dressed in a conventional afternoon suit.

"Mrs. Tompkies is the youngest daughter of Mr. and Mrs. R. S. Flannagan, and for several years has been among the most popular young ladies of the city, and her friends are numbered only by the limit of her acquaintance. Mrs. Tompkies is a graduate of the St. Augustine convent and in the Ancient City she has admirers by the score, also in Jacksonville, where she has spent more or less time visiting her sister, Mrs. St. Clair-Abrams. Mr. Tompkies was for several years connected with the Bank of Bay Biscayne, where he held a position of trust and honor. This place he resigned a few months since to become cashier of the Planters' Security Bank, Jensen.

"Mr. and Mrs. Tompkies left on the evening train for Jensen, where they will make their permanent home.

"Mrs. St. Clair-Abrams of Jacksonville and Mrs. George Newcomb of West Palm Beach, sisters of the bride, were present at the wedding."

FATAL ENDING AT A PICNIC FEAST

Willard Ellis Shot Woman and Left Her in Middle of Road.

RETURNED TO THE GROUNDS

When Information of Murder Was Received He Went With Crowd to Scene, Was Arrested, and Placed in Jail—Held in Court Without Bail.

From Tuesday's Daily Sun.

Another tragedy occurred near Raleigh Saturday, which was the second within two weeks, the first having been the killing of Dunlap Phinney by the Lowmans.

This tragedy is equally as exciting, notwithstanding that the contracting parties were negroes. As a result a negro woman, the name of whom could not be learned, has met her death, and Willard Ellis is held in the Levy county jail without bond to answer to the charge.

There was a picnic at a colored church near Raleigh Saturday, which Willard Ellis attended. It is said that the negro was under the influence of liquor, and was very boisterous. He was accompanied by his sister, Mary Ellis, and they invited this negro woman to take a ride with them in a spring wagon which they were driving.

The woman accepted, and the trio drove away. When about a half a mile from the church the woman received a bullet between the eyes, falling from the wagon and expiring instantly. The ball was a 32-calibre, and the first shot had effect.

The murdered woman was left in the road, the sister of Ellis hurriedly left the wagon and ran to her home, about two miles distant, and Ellis returned to the picnic grounds at the church.

When the crowd was informed of the murder Ellis, with the others, went to the scene. He was accused of committing the murder, but denied the act. He was perfectly cool until Deputy Sheriff Alford approached the scene, when he made all possible haste in retreating, but was captured, placed under arrest with his sister, who in the meantime had returned to the scene, and both were placed in jail at Williston. They were given a preliminary hearing Monday afternoon before Justice Harris, and after hearing the evidence in the case Ellis was held without bail to await the action of the grand jury. His sister, Mary Ellis, Rogers Miller, Early Miller and Gates Roundtree, State witnesses, were released upon their own recognizance.

A Birthday Party.

Mr. and Mrs. Geo. K. Landers tendered a birthday party on Monday afternoon to Master George Landers, their son, who was celebrating his seventh birthday.

There was quite a crowd of the young friends of Master George present, and the afternoon was passed in a most pleasing and enjoyable manner.

Delicious refreshments were served, comprising ice cream and cake, and naturally the children were delighted.

AN INTERESTING MARRIAGE.

Judge Mason Performed Striking Ceremony Monday Morning.

"Is dis de place whar yer gets yer papers to be married?" came a husky voice from the door of County Judge Mason's office Monday morning, and as the genial Judge looked up and discovered an aged colored man at the door, he replied:

"Dis sho' am de place. What can I do for you?"

"Jedge, heah am my lubbed 'ne an' we wants to tie dat knot what dun bin' us togedder till deff," was the prompt reply.

"An' dat ain't no lie," joined in the prospective bride.

The pair entered—and it was a pair which those present will never forget. The old man had with him a son about nineteen, or thereabout, whom he had brought to witness the ceremony, while the prospective bride was accompanied by "one of her own."

"All right, come in and get ready," remarked the Judge.

While the genial Judge was making out the license preparatory to making the bride swear that she could do the washing and cook the meals for the whole push the balance of her life, and if necessary get out on the farm and pull fodder and pick cotton in the meantime, the pair stood with anxious expectations.

Everything being ready, the officiating officer commanded them to join hands, and the ceremony, in presence of witnesses, was solemnized.

At the conclusion the Judge gave the usual command, "Salute the bride."

"Fo' de Lawd, Mr. Jedge, I loves dis niggah man, an' if I had a toof in mer head I'd bite him," was the response of the bride.

"Well, being as you have no teeth I will excuse the salute," replied Judge Mason, as he folded up the license and collected two dollars for the fee.

THIS WAS "SELLING SOME."

Sun's Advertisement of Sunday Brought Eight Refrigerator Sales.

"You may say what you please, but The Sun's the thing when it comes to results," declared J. K. Abrams, manager of the Gainesville Furniture Company, Monday, who declared that from the result of his ad in The Sun of Sunday he sold eight refrigerators.

Mr. Abrams, as well as the management of The Sun, is well pleased over the result of this ad., which is the best evidence that the kind of advertising Mr. Abrams writes placed in the proper medium will certainly bring results.

SEWERAGE SYSTEM NEARLY COMPLETE

It Will be One of the Most Modern and Up-to-Date in South.

A LASTING IMPROVEMENT

Contractor Beeman Was Considerably Delayed in Its Completion, Caused by Tardiness of Railroads and Inability to Secure Labor.

The sewerage system of Gainesville, which will be one of the most modern in the South, will soon be completed, which will add another lasting and beneficial improvement to the city.

Contractor Beeman has experienced considerable trouble and delay in the construction of this system, which has been occasioned by delay in receiving freights, trouble in retaining labor, and other causes, but he has worked with a will, with the result that, notwithstanding all these obstacles he will finish up in good time.

"There is one thing sure," remarked Contractor Beeman, "while we have been necessarily delayed on account of the failure of the railroads to deliver material, and we have experienced a great deal of trouble in holding labor on this account, as we could not afford to pay men for days to lay in idleness waiting upon this material, I can say conscientiously that when this system is completed it will be a system of which no city the size of Gainesville, or even larger, can be ashamed. I have exercised extra care in the construction of this system, because I had plenty of time, and I feel confident that there is not a more perfect system in the South or anywhere else, considering the specifications and capacity."

There are in all about twelve miles of sewer pipe, terminating in an antiseptic marsh at the southern limit of the city.

MELROSE MENTION.

Ball Game Between Melrose and Brooklyn Resulted in Large Score.

Melrose, June 25.—The general sympathy of the community was extended to the family of Mrs. J. P. Benton, who died after a long illness an Friday morning, leaving a mourning husband and four children. The funeral took place at Eliam cemetery, Rev. B. R. Mosely officiating, instead of Revs. Sistrunk and Julian.

Miss Grace Uglow of Starke is the guest of Mrs. Grimes.

Mr. and Mrs. H. Shooter came over from Earleton on Monday morning in their new motor launch, making the entire trip in forty-five minutes. The beautiful little boat is a very fast one, being equipped with a two horse-power engine.

The baseball game between Melrose and Brooklyn, played here on Friday afternoon, was a very close and interesting one, Brooklyn finally winning by a score of 22 to 19. Both sides were short of men, Melrose especially, having only six on the field.

Melrose proposes to celebrate the Fourth of July by a picnic. A program is being arranged, of which further notice will be given later.

Death of Mr. Miller.

David A. Miller of Micanopy, aged fifty-five, died at his home on Monday morning from a complication of diseases.

Deceased was one of the oldest and most widely known residents of that section, having been located at Micanopy since he was a boy. At Micanopy he grew into manhood and engaged in the mercantile business, enjoying fine success. He finally retired from business, however, since which time he has been inactive commercially.

Deceased was keeper of record and seal of the Micanopy Lodge, Knights of Pythias, and the funeral was held Tuesday afternoon, the ceremonies being conducted under the K. of P. ritual, which is a beautiful and impressive service.

Deceased is survived by a wife and several children, to whom the sympathy of friends is extended.

NEALEY DEMENTED WANTED TO KILL

Has a Message from Heaven Commanding Him to Behead Men.

IN A PITIABLE CONDITION

Unfortunate Man Declares God Bids Him Chop Off the Head of Every Man He Meets, But Let the Women Alone—Adjudged Insane Wednesday.

Suffering with the hallucination that it is his duty to sever the head of every man he meets with an axe, by command of God, Henry Nealey, an unfortunate colored man who has been in Gainesville for the past two years, and who is well known, is a raving maniac at the county jail, and his predicament is indeed a pitiful one.

"Give me an axe! Give me an axe! I have a command from God to behead every man I meet and let the women go," is his cry. He declares that he has been commanded by the Supreme Power to get an axe and proceed to execute every man he meets, and begged the guards at the jail to permit him to go to the hardware store and secure the desired implement.

Nealey came here as a laborer on the University buildings when the work at first began, and has been about the city ever since. He was looked upon as a peaceable, law-abiding citizen until a week ago, when his actions were strange, and since which time he has been growing worse mentally. He finally became so desperate that it became necessary to lock him up Tuesday afternoon, to insure the safety of the lives of those about him.

The unfortunate man was examined before a commission comprising Drs. J. H. Colson and J. M. Dell, and Geo. Mason, who pronounced him insane Wednesday. An attendant is expected today or tomorrow to convey him to the hospital for the insane at Chattahoochee.

ANOTHER NEWBERRY FIRE.

Married Couple, on their Honeymoon, Returned to Find Home Burned.

It must be hard for a bridal couple, returning from their honeymoon, to find upon their arrival their home and all its contents in a heap of ashes, but this was the fate of Annie Allen and her husband, who left Newberry light-hearted, only to behold a smouldering ruin upon approaching their former home.

On Friday night the home owned and occupied by Annie Allen, a colored woman, was burned, with all the contents, notwithstanding that those who congregated worked hard to save the property.

The woman has recently become a bride, and her husband and herself were enjoying the hospitality of friends at Tyler for their honeymoon, hence there was no one in the house at the time of the fire, and the origin is supposed to be incendiary, as no fire had been about the place for three or four days.

It is stated that Annie Allen had a mortgage upon her home. It is further stated that she had been keeping company with a certain man in Newberry, and that he "lifted" the mortgage under a promise that the woman would marry him, but shortly after the home was cleared the woman became the wife of another man.

Death at High Springs.

Information has been received here of the death of Mrs. W. H. Crawford, an elder lady, being about eighty-six years of age, which occurred at her home in High Springs on Tuesday morning, the funeral being held on Wednesday, Rev. Mr. Yates conducting the ceremony.

Deceased was a member of the Baptist church, and was very highly respected, as she was a lady of the highest Christian refinement. She is survived by four daughters, Mesdames E. W. Rivers, John Rymes and E. D. Dodge, and one daughter in Texas whose name could not be learned.

The sympathy of friends is extended upon this occasion.

Telegraphers' Strike Unchanged.

HENDERSON MAKES A LARGE PURCHASE

Shows Confidence in Gainesville by Buying Twenty-Nine Lots.

LOCATED NEAR UNIVERSITY

One of These Lots Contains a Model Home, and It is Rumored That Mr. Henderson and Family Will Make Their Future Home in Gainesville.

Real estate continues on the move in Gainesville, and the market holds up remarkably well. Out-of-town folks, being attracted by the many advantages of the city, are investing their money here in real estate, which is the best evidence of their confidence in the city and its future.

The latest purchaser is F. P. Henderson, the horticulturist and nurseryman of Arno, who has purchased from M. J. Orr a desirable tract opposite the University grounds. The tract comprises twenty-nine building lots, one of which contains a fine home, with barn and other out-houses, all in excellent condition. The sale was made through Steenburg & Patterson.

It is understood that Mr. Henderson, with his excellent family, proposes to make his future home here. They will be gladly welcomed, as they are among the best people of the county.

While it is not certain, it is rumored that Mr. Orr, who has owned the property for the past two years, will return to his former home in West Virginia.

Bell was fined $10 and costs, McFadden $5 and costs, and Rowe and Muldrow $2.50 each and costs.

THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of

The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

A CLEVER RHYME.

Short lines addressed to Mr. McBeath, by a little Micanopy girl now taking a course at the Presbyterian Hospital, Atlanta, Georgia:

Tommy, we have read your piece,
And think it very good;
Your class, though, has not done it all,
We want that understood.

We, too, have studied lots of things,
And learned just how to treat
The brain diseased, the body sick,
In a manner quick and neat.

We've learned also to cook good things
To tempt the appetite,
Of those who "cannot eat at all"
And, learned to do it right.

We've given medicine galore,
Cut off a limb or two;
We've bathed and rubbed, and rubbed and bathed
To pull our patients through.

But after June of 1908
We'll "have not time to tarry."
We hope, though, 'twill not be our fate,
To "hunt a man to marry."

We're going out into the world
Whenever we have a call,
To nurse the sick, both rich and poor,
Old folks, young folks and all.

But when it comes to marrying, Tom,
(A good man great and tall,)

Will Turn Money Back.

Atlanta, June 26—Georgia's Jamestown commission held a well-attended meeting Monday in the office of the governor, nearly all of the out-of-town members being present. The most important announcement made at the conclusion of the meeting was that part of the appropriation of $30,000 made by the legislature for the purpose of preparing a Georgia exhibit will be turned back into the state treasury. The commission took steps to make some additions to the agricultural and historical exhibits at Jamestown. The general verdict was that Georgia has the finest mineral exhibit at the exposition.

Madrid, Spain, June 26.—King Alfonso is taking the greatest interest in golf during his sojourn at LaGranja. He has given two sets of clubs to the cadets of the military college so that they may learn the game.

TO FIGHT 2-CENT RATE.

Railroads Represented in Full Force at Asheville.

Washington, D. C., June 26.—The railroads are going to be represented in full force at Asheville Wednesday, when Judge Pritchard, of the United States circuit court, takes under consideration the injunction proceedings for the restraint of the North Carolina legislature and the Virginia corporation commission in ordering in effect reduced passenger fares.

The Southern railway, especially, will have a big array of legal and official talent at the Asheville hearing.

Fourteen different states have taken action looking to the reduction of passenger fares, and the outcome of the proceedings at Asheville this week have a national significance. Whatever the result of the hearing before Judge Pritchard, the North Carolina and Virginia cases will be the first appealed to the supreme court of the United States which is the authority that will finally decide the constitutionality of the rate reduction acts of the various states.

THREATS SENT FUNSTON.

Says He Did Not Mean Discourtesy to Citizens of 'Frisco.

San Francisco, June 26.—General Funston, whose letter to the Fourth of July committee, refusing to parade the regular troops under his command because he feared trouble at the hands of the "unwhipped mob," in San Francisco, has led to considerable comment and criticism, gave out a statement Tuesday in which he said he meant no discourtesy to the people of San Francisco and that by his reference to the "unwhipped mob," he did not mean the labor unions nor the men now involved in the various strikes.

He declared that he had received a number of threatening letters, one of which said he would meet the fate of Steunenberg if he dared to parade his troops on the streets of San Francisco.

Boiler Explodes; One Man Killed.

The cantaloupe season will soon be at a close, the most impressive indication being that this luscious fruit is now being peddled on the streets at a cent each. The growers have no complaint to make, despite the long drought, as the fruit has been good and the prices encouraging.

The good Christians of Palatka and vicinity evidently do not take much stock that the doors of hades are open to those who dance. The last issue of The Times-Herald of that city announces that there is to be a festival and dance at the Wyles school house, near Palatka, on the evening of Tuesday, June 25, the proceeds to be devoted to the expenses of the union Sunday school. That's about the hottest proposition the Sun has come across recently.

W. H. Leahy, for many years connected with the Atlantic Coast Line, and one of the most popular and successful transportation men in the south, has been appointed general passenger agent of the Atlanta, Birmingham and Atlantic railroad, with headquarters in Atlanta, Ga., and assumed his duties on the 15th inst. Mr. Leahy's numerous friends throughout Florida extend congratulations, and feel sure that he will make the "Bee Line" a faithful and efficient representative.

J. A. Fackler, one of the most widely known newspaper men in the state, has purchased the plant of the Bainbridge, Ga., Daily Tribune, and has assumed charge as editor and proprietor of that paper. Mr. Fackler as a writer has a style peculiarly his own, but with a tenor which his readers appreciate. It goes without saying that should the people of Bainbridge and Decatur county give him the proper support, he will issue a paper which would be a credit to any community. Our hat off to Brother Fackler.

There is not a city of the same population in Florida, or anywhere else for that matter, that possesses as a whole as modern, up-to-date, business houses and residences as Gainesville. The new Hill building, which will occupy the corner of West Main and North Liberty streets, will add another fine list of modern business blocks that would do credit to any city. The magnificent Graham building, just being completed, is another structure of which any community should be proud. In all, Gainesville is a modern town, and many complimentary remarks are made by visitors

The Times-Union, which is an authority on fish, as well as some other subjects, says: "The European carp is now the most widely distributed American fish. Perhaps the Government is yet to learn that the stranger is not worth his keep, takes the food of his betters, is a voracious destroyer of spawn and in every respect an undesirable immigrant. The money spent on him is not merely wasted—he is positively harmful and furnishes neither good food nor good sport. Our Florida mudfish is his superior, and our alligator garfish is much better and more toothsome fare. Put out the carp and take our fish preferable."

BLIND TIGER MUST GO.

Following is the new law relating to the sale of intoxicating liquors in dry counties, which was introduced by Mr. Faulkner of Taylor county:

Section 1. Whosoever in any county or precinct wherein the sale of intoxicating liquor is unlawful, or in any precinct wherein there is no licensed saloon for the sale of such liquor, shall be found in any public place in a state of intoxication or boisterous, or in any way under the influence of intoxicating liquor, so that he does not behave in a natural manner, shall be taken in charge by any officer having the authority to make arrests and detained in custody until sober, and shall then be taken before the county judge, or the nearest justice of the peace, in order that he may be required to disclose from whom he purchased such intoxicating liquor.

Section 2. When such person is brought before the county judge or justice of the peace the said magistrate shall require him to testify under oath as to where, when and from whom he purchased such intoxicating liquor, and upon his refusal to testify at all, or upon his testifying in such a manner as to lead the court to believe that his testimony is evasive or false, the magistrate, after warning, without effect, shall adjudge him to be in contempt of court, and shall punish such contempt of court by imprisonment in the county jail not exceeding twenty days, or by fine not exceeding fifty dollars ($50), or by both such fine and imprisonment.

Section 3. If upon the examination mentioned in section 2 the person brought before the magistrate shall disclose the name of the person from whom he purchased such intoxicating liquors, and the place and date of purchase, and testify in such a manner as to lead the magistrate to believe that the testimony is probably true, the magistrate shall then and there reduce, or cause to be reduced, the said testimony to writing and have said person sign it, and verify it by affidavit taken and certified by the said magistrate. If such person shall refuse to sign and swear to the said testimony when reduced to writing, the said magistrate shall attach his certificate under his official seal that the said testimony was taken before him under oath on the date thereof.

Section 4. If the said testimony reduced to writing shall show that any person has illegally sold intoxicating liquors in the county the magistrate shall issue his warrant for the arrest of such person on a charge of selling intoxicating liquor where the same is prohibited by law, or of selling such intoxicating liquor without a license, as the case may be, to be brought before him for proceedings as in other cases. If the examination aforesaid be taken before a justice of the peace and the sale appears to have been made outside his justice district, his warrant shall nevertheless run throughout the county.

Section 5. The person disclosing name of the vendor shall be brought before the magistrate to testify at the preliminary hearing of the party arrested, and if his testimony does not agree in any material with his previous written testimony, he shall be held on a charge of perjury.

Section 6. Any testimony given under this act by any person taken in charge as provided in section 1 shall not be used against him on charge of drunkenness.

Section 7. All costs incurred under this act shall be paid as in other criminal proceedings for examination and commitment.

Section 8. All laws in conflict herewith are hereby repealed.

Section 9. This act shall take effect immediately upon its becoming a law.

A BLIND SENATOR.

The Democrats of Oklahoma, where a nomination is equivalent to an election, have by a direct primary selected as one of the United States Senators to represent Oklahoma, Thomas P. Gore of Lawton, who is totally blind.

This is the first time in the history of the United States that a blind man has ever been sent to the Senate, as Mr. Gore will be when statehood is accomplished under the present proposed constitution. Mr. Gore is a man of remarkable qualities. He has been in politics all his life, beginning as a page in the Mississippi Senate when he was but 11 years old. It was during that time that he lost his eyesight by an accident with an arrow gun. Three years previously he had lost his left eye, a playmate in a moment of passion striking him with a stone.

Beginning as a page at 11, nominated for the legislature at 19, Populist elector at large in Mississippi three years later, selected as Congressional standard bearer in Texas in 1900, while he was in North Dakota speaking for the national ticket—such is the political history of Thomas Pryor Gore.

Mr. Gore is but 36 years of age. He lives at Lawton, has a wife and four children, and is a lawyer by profession.

His memory is a wonder. When his father prepared to send him to a blind school, he refused to go, saying that schools for the blind did not furnish him the books and opportunity he desired. So he went to the public schools and college, getting through by reason of his acute memory.

FROM THE NATIONAL CAPITAL.

(Special Correspondence.)

Last week was prolific of semi-official statements. Beveridge has been to Oyster Bay, and presumably with authority, announces that "We" are not standing so awfully pat as some folks suppose. The statement Beveridge writes for The World is not as specific as the curious desire, but it announces that "natural causes" should be reasonable and avoid producing panic, just because it is found necessary to revise some scandalously oppressive schedules. The whole significance of this semi-official statement is that revision is accepted at Oyster Bay as an inevitable issue.

Then comes Bourke Cockran from Nebraska, where he has seen Mr. Bryan. He repeats what so many who have seen Mr. Bryan lately know to be true; that is, that he is in doubt as to whether he will be a candidate or not. He thinks it is too soon to decide. These two great orators, according to the newspapers, spent their time in talking about the platform.

Finally, Norman E. Mack returns from abroad to report of fields and individuals beyond the pale of candidacy, and says that Richard Croker will return to the States, but only to vote. The hope expressed by Mr. Mack that Mr. Hearst and Mr. Bryan will, for the party good, make up their differences, has brought out the first explicit statement concerning the basis of the feud between these two gentlemen. None of Hearst's friends whom the New York newspapers sought would speak for publication, but it was learned that there is still a very pronounced ill-feeling on the part of the Hearst people against Mr. Bryan, and the reason is given thus:

Mr. Hearst, in 1896 and 1900, personally through his newspapers, supported Mr. Bryan for the Presidency. In 1904 Mr. Bryan was not a candidate for the Presidency, while Mr. Hearst was, and Mr. Hearst felt that he should have Mr. Bryan's support. Instead of requiting the political loyalty of Mr. Hearst, Mr. Bryan went upon the platform and seconded the nomination of former United States Senator Cockrell of Missouri, who had no chance of being nominated. Some of the Hearst people who were seen declared that Mr. Hearst's friends would do everything possible to defeat Mr. Bryan for the nomination next year, and that if they accomplish their purpose, Mr. Hearst would not run for President as the candidate of the National Independence League.

Peculiar significance is lent by these statements, which are admittedly inspired from Hearst sources, to Mr. Bryan's recent utterance concerning the Hearst Independent League, to the effect that "from a Socialistic standpoint, there will be reason enough for a third party; but that from a Democratic standpoint, a third party will be unnecessary."

Neither the broad and charitable statesmanship which enlightening travel is supposed to produce, nor the chastening effect of defeat and repudiation, are apparent in this disclosure, and thoughtful Democrats are justified in wondering whether the promising party outlook is to be clouded by a personal rivalry, petty enough to do credit to a town meeting, and involving personal ambitions and no principles.

Some of the ignoble results of this quarrel between the candidates may be seen in the recent exposure of Mr. Bryan's undignified method of hanging around box offices and personally collecting and bestowing, in a bag carried for that purpose, the actual cash for his work as a lecturer, instead of having a clerk or a secretary to do it.

While this and other small items of purely personal interest may be entertaining to groundlings and professors of deportment, they cannot contribute to a healthy public discussion about matters of principle.

The presence of so many of Florida's teachers in the city is certainly an honor, as their presence brings together a collection of refinement from every quarter of the State, and lends to the atmosphere an air of moral and educational influence which, by reason of social intercourse, is bound to prove enlightening and beneficial. Gainesville is indeed blessed with the educational and religious surroundings to be found in few cities, and it is no wonder that this community enjoys the distinction everywhere as being the moral city of Florida. This reputation alone is worth a great deal to any section, as it induces the better class of immigration.

Taking into consideration the length of the drought, it is surprising to observe the condition of cotton and corn in this section. The latter is in fair condition where properly cultivated on good soil, while cotton is in fine shape. If too much rain does not prevail between this and picking time the growers in the Sea Island cotton belt will make a fine crop. The truck growers, though, have been heavy losers by the drought.

Cable dispatches announce that the Czar has introduced the Gerrymander into Russian Poland. With the blessings of American civilization coming to them at this rate, the Poles need not care whether they are allowed to emigrate or not.

It is to be regretted that the citizens of Gainesville could not get together in the matter of celebrating this great nation's birthday, the Fourth of July. It may be said, however, that it was more a lack of energy that a lack of patriotism, for nowhere can be found a more patriotic class of people as a whole. By way of parenthesis, however, The Sun desires to congratulate its friends, the good people of the rural districts, for their energy and patriotism in their determination to observe the day in an appropriate manner. At several points throughout the county elaborate preparations are being made, the program embracing barbecues, basket picnics, etc., at all of which prominent citizens are announced to deliver addresses. It might be well to suggest that those Gainesville people inclined hie themselves away to one of these functions, if they desire to spend the day pleasantly.

During a short stay in Live Oak last Sunday the editor took occasion to make a casual survey of the town. It is undoubtedly growing rapidly, both in population and as a commercial and manufacturing centre. New buildings are going up in every direction, and substantial ones, too, showing that the people have confidence in the future of the town. It is not a pretty town, however, owing to lack of uniformity of the streets, some of the buildings being considerable distance out of line with others on the same street. Those responsible for this condition of affairs will always have cause to regret it, for in at least some instances the only way in which it can be remedied is for the buildings to be destroyed. We predict a great future for Live Oak, however, for the kind of people live there who are calculated to build up a city.

Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to *insist* upon such knowledge. So he publishes, broadcast and on each bottle-wrapper, what his medicines are made of and verifies it under oath. This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, ofttimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nervine and cures nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say *for yourself* by sending a postal card request for a *free* booklet of extracts from the leading authorities, to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

WIFE MURDERER ELECTROCUTED

Lawyer Albert Patrick Took Deep Interest in the Condemned Man.

New York, June 25—John Johnson, a wife murderer, was put to death in the electric chair in Sing Sing prison Monday.

Johnson, an ex-convict, treated his wife badly and in the presence of her two young children shot her when she threatened to leave him.

Albert Patrick, the lawyer, convicted of the murder of Millionaire William Marsh Rice, took a deep interest in Johnson when the two were confined together in the death house of the Sing Sing prison, and it was through advice given him that Johnson, by appeals to the courts, was able to stave off death up to this time.

One Killed; Five Injured.

Waycross, Ga., June 25.—On dead and five injured is the result of a falling pile of lumber at the plant of the South Atlanta Car and Manufacturing company Saturday morning. M. Whitaker, of Odum, Ga., was crushed to death. The other five received severe injuries, but the injuries will not prove fatal. The men were sawing timbers for one of the new buildings of the new plant, and were working alongside of the ten-foot stack of lumber. The stack without warning fell on them.

Banana Cream.

Peel five large bananas, rub smooth with five teaspoonfuls of sugar. Add one cup sweet cream beaten to a stiff froth, then one package of Lemon Jell-O dissolved in one and one-half cups of boiling water. Pour in mold or bowl and when cold garnish with candied cherries. Serve with whipped cream.

AN ENJOYABLE EVENT.

Ladies' Aid Society of Advent Christian Church Entertain.

The Ladies' Aid Society of the Second Advent church gave an ice cream supper at the home of Mrs. O. B. Bailey, North Gainesville, Tuesday evening. It was well attended and the ladies did well.

An interesting feature of the evening was the program, which was as follows:

Duet, Mrs. Bennett and Miss Lera Bennett.

GET THE NOTARY BUSY.

Clerk Wienges Says Pension Applications May be Made This Way.

County Clerk S. H. Wienges, who is one of the most obliging public officials in the State, has been busy for the past few days preparing and filling in blanks for the Confederate veterans who are seeking pensions. There are a great many of these veterans throughout the county, and for their information Mr. Wienges requests The Sun to announce that it is not necessary to have the signature before the clerk of the circuit court, but any notary public is empowered to take the signature and execute the paper. This information is given for the benefit of many who reside at a great distance from Gainesville, as it may save them the time and expense of a trip.

THE WOMEN PAID OUT.

Could Not Stand the Pressure of Working at Hard Labor on Streets.

Mary Williams and Mattie Goss, the two colored women who have been on the streets "doing time" for disorderly conduct for the past three or four days, having paid their respective fines, are again as free as the birds.

These women belong to a class of prowlers which do no town good, and it is to be regretted that they were enabled to raise the money with which to pay their fines, instead of being compelled to "do time" on the streets of Gainesville as object lessons of their class.

STEAM TURNED ON.

Plant of Edgins Manufacturing Company Again in Operation.

The steam has been turned on in the newly constructed plant of the Edgins Manufacturing Company, and again the army of employes will be engaged in the manufacture of sash, doors and blinds.

This department was burned out several months ago, which entailed a loss of about ten thousand dollars. The plant has been rebuilt, however, and there is now about three thousand feet more of space than employed in the former.
